

SNEAKY DONORS TAKING OUR CC TAX REFUNDS

As of September 22, 2019, EIGHT DONORS have given **\$800,000** to trick state voters into voting away their right to vote forever. If they succeed, no one in Colorado can ever again vote to keep their refund of excess state taxes.

The pilfering philanthropists and greedy groups for issue CC are:

1. CO Fund for Children on two dates.....	\$100,000
2. CO Construction Industry Coalition.....	\$50,000
3. Patricia Stryker (billionaire heiress).....	\$50,000
4. Daniel Ritchie, former head of Univ. of Denver.....	\$50,000
5. Education Reform Now, New York City.....	\$100,000
6. Gary Community Investment.....	\$300,000
7. Steven Halstedt, attorney.....	\$50,000
8. Patrick Hamil, homebuilder CEO.....	\$100,000

How can schools be hurting when they generate political donations like this?

The first donor gave two \$50,000 donations on two dates; it's illegally listed as one. They can't even keep track of their tens of millions. They spend millions to take billions in tax refunds from millions of citizens. They have no shame.
